SUMMARY

A full stack web developer with a passion for creating digital solutions. Eager to leverage experiences as a problem-solver and top performer to create user-friendly websites and applications. Displays swift adaptability as a learner who's committed to staying up-to-date with the latest web technologies through continued education and professional development. Excited and motivated to join a team where skills can be contributed and developer growth can be achieved.

SKILLS

Full Stack Development · React · JavaScript · TypeScript · CSS · HTML · Figma · UX/UI Principles · REST API · Git · GitHub · mySQL · Node · Express · Collaborative Development · Responsive Design · Accessible Design

EXPERIENCE

Network Manager

Polk County School Board   **July 2024 - Present, Lakeland, FL**

- Utilize the Incident IQ ticketing platform to manage and resolve staff issues by addressing them directly or escalating to the appropriate team; ensuring efficient problem resolution and support.
- Manage and update various devices, including iPads and laptops, by learning and applying new software for device management, troubleshooting, and software installation.
- Coordinate with teachers and administrators to plan and manage the distribution of devices and accessories, while also assisting students with login issues and device troubles to ensure smooth technology integration.
- Handle printer maintenance by connecting printers, replacing ink, diagnosing issues, and researching different models. Also responsible for generating student ID cards, using BadgePass, to support school operations.

Full Stack Developer

Ripple Learning LLC - Contract   **September 2023 - November 2023, Austin, TX (Remote)**

- Developed projects by leveraging the OpenAI API; crafting effective prompts and instructions for the AI.
- Built functional testing environments with React to validate and refine AI-generated responses.
- Collaborated closely with a 5-person agile team; contributing features and testing the codebase via Git version control.
- Drove successful product iteration by regularly pushing and pulling changes; providing frontend and backend support where needed.

Delivery Driver

Papa John's   **January 2020 - July 2024, Lakeland, FL**

- Demonstrated exceptional time management and efficiency while delivering; consistently ranking in the top 2% of drivers district-wide.
- Maintained a strong customer service record through effective communication and order accuracy.
- Trusted as a trainer who shadowed new drivers; helping develop reliable employees and contributing to the company's retention rates.

Academic Coach

Lake Wales High School   **August 2018 - May 2019, Lake Wales, FL**

- Assisted students with math, ranging from algebra to calculus, during classes and after-school tutoring.
- Secured the rank as the #1 student-choice academic coach for the year.
- Acted as a mentor for students and gave advice relating to any life or educational struggles.
- Showcased teamwork and collaboration skills by interacting with parents and co-workers to build support networks and enhance student success.
